Tacoma's Proctor district has lots of great food options from a Metro Market to bistros to the venerable Old House Cafe but "Babblin' Bab's", despite the slightly quirky name, is consistently near or at the top. The food at this place is always out of the ordinary and a great taste treat. I'd give it six stars if I could!

Truly an enjoyable place to bring the family for breakfast for that matter any meal of the day. Food was fantastic and the owners make you feel as if you are the only guests.

I am a person who always has something to yap about and this is no different EXCEPT this food is so awesome and whole, real, and fresh you wont want to say a word while

devouring these one of a kind masterpieces by the one and only >>>Chef William Mueller! When your meal is done you still cant find the words to aptly explain or do justice to the pleasure of the meal your tastebuds traveled through>>>>you just want to hug Will, Shannon, and their cute kids and tell them to never stop creating their dishes!!! Wow thanks guys for giving our area something so unique and the proud feeling of recommending you to anyone coming through. You will not dissapoint!!!!!!

A great place in North End Tacoma not just for breakfast, but also for lunch and a special dinner event. Chef William takes great care to prepare every entry on his ever-changing menu! Always fresh, innovative and full of flavors. You don't just pop in his place to get fed, you dine! Go in with an open mind and try EVERYTHING! Tacoma's best kept secret!

Chnef William and his wife Shannon create and execute the best food in Tacoma! We eat lunch at Babblin' Babs weekly, and have enjoyed breakfast and dinner, as well. Every meal we have is a treat. Chef William's philosophy of cooking is awesome - natural, unique, low sodium and always artful presentation. We love Babblin' Babs!

Wonderful place to dine - Amazing creativity, utterly delicious! - In a place you'd never expect: a little mom & pop bistro. There are some meals I actually dream about, and am so glad they are on his 'regular' list. There are others I wish William would

have as regulars, but he's so creative he just keeps making new dinners, and the oldies are gone, now relegated to my memory, only... unless I can figure out a way to bribe him into making them again. This is a 'Must Do', Over and Over again!

Babblin' Bab's Bistro not only has great breakfast but all the food is wonderful--flavorful, healthy, and innovative. Chef William dishes it all up with stories behind his creations and insights into spicing and technique. The restaurant is family owned and operated and their suppliers are all local family enterprises. I've had great evenings of conversation over gourmet delights in European-style special dining events like no other place offers. Truly amazing!

I love Babblin' Babs! There food is fantastic and very original and they use high quality and often local ingredients. The breakfast is great when you want something that will help you start the day feeling good, instead of a heavy greasy plate of fried potatoes, bacon and eggs. If you also love them, write a positive review on Yelp please...they could use it!

Chef William's cuisine is the most innovative around. Everyone has to try the waffles with lox on the weekends. Everything is organic and original. I love it.

"What a remarkable talent for selecting the finest fresh ingredients; preparing them in delightful, fanciful, and healthful ways; and presenting them in unique and eye-catching dishes that emphasize compatible and reinforcing--yet often contrasting--textures, tastes, colors, and aromas. Unparalleled creative genius!

This has to be the very best food that I have ever had. When I am in town I always make it a point to stop in for Lunch. The chef and staff are the best. I always feel that I am at home when I eat here. The treat me like family.

I don't even live in the state but when I am in Washington on business I always make sure to stop for the best eats.
